

ManagerPlus Solutions, LLC Desktop Software Open Source Software Listing and Disclosure

The desktop software developed by ManagerPlus Solutions, LLC ("ManagerPlus") contains certain open source code components. The following list specifies the open source components in the ManagerPlus desktop software product, together with the applicable license terms, restrictions, disclaimers and disclosures.

The terms of the applicable licenses for such open source components, as specified below, apply to such components and supersede the terms of the ManagerPlus Software License Agreement. For example, the prohibitions and restrictions of the ManagerPlus Software License Agreement related to copying and distributing the ManagerPlus software are replaced by the license terms specified below, with respect to the open source components named in this list.

This list is subject to modification and updating by ManagerPlus from time to time. ManagerPlus uses good faith efforts to make the following list complete and accurate; however, ManagerPlus does not warrant or guarantee the accuracy or completeness of this list. Please notify ManagerPlus at www.managerplus.com if you become aware of any errors or omissions in this list.

THE FOLLOWING INFORMATION IS PROVIDED "AS IS," WITHOUT ANY WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED. BY USING OR DISTRIBUTING THIS LIST, YOU AGREE THAT MANAGERPLUS IS NOT LIABLE FOR ANY DAMAGES ARISING OUT OF OR RELATED TO SUCH USE OR DISTRIBUTION, INCLUDING DIRECT, CONSEQUENTIAL, INCIDENTAL, SPECIAL OR PUNITIVE DAMAGES.

Use and/or distribution of these requires acceptance of the following License Agreement.

-
- "Author" herein refers to Martijn Saly (the creator of this package and containing files and software).
 - "Software" herein refers to all files bearing this notice, as well as any other files and source code included with this package (typically extracted from a .zip or .cab archive), and all content in them, regardless of whether any modifications have been made.
 - "Compile" herein refers to the automatic process of translating the Software's source code into executable machine code by a compiler such as the one included with Borland's Delphi or C++Builder.

Except where otherwise noted, all of the documentation and Software included in this package is copyrighted by Martijn Saly (the Author). Copyright (C) 2002-2005 Martijn Saly. All rights reserved.

Use and distribution of the software is permitted provided that all of the following terms are accepted. Terms 5 through 8 apply only to distributions which include source code that one can Compile.

- 1) The Software is provided "as-is," without any express or implied warranty. In no event shall the Author be held liable for any damages arising from the use or Compile of the Software.
- 2) All redistributions of the Software's files must be in their original, unmodified form. Distributions of modified versions of the files is not permitted without express written permission of the Author.
- 3) All redistributions of the Software's files must retain all copyright notices and web site addresses that are currently in place, and must include this list of conditions in its original, unmodified form.
- 4) None of the Software's files may be redistributed for profit or as part of another software package without express written permission of the Author.
- 5) If applicable, you are permitted to Compile the Software, in original or modified form, into any kind of application, including commercial or shareware applications, or any application you are profiting from.
- 6) If applicable, redistribution of any of the Software's files in object form (including but not limited to .DCU and .OBJ formats) is strictly prohibited without express written permission of the Author.
- 7) If applicable, distribution of the Software in compiled package format (the BPL file) is permitted, as long as the Software is distributed as part of an application.
- 8) If applicable, distribution of the Software in compiled package format (the BPL file) is prohibited if the distribution does not specifically belong to an application, written by the same author as the application was written by.
- 9) Full backward compatibility in future versions of the Software is not guaranteed. In no event shall the Author be held liable for any inconvenience or damages arising from lack of backward compatibility.

If you do not agree to all of the above terms, you are not permitted to use or Compile the Software in any way, and all copies of it must be deleted from your system(s).
